En ninguna página de "Aquelarre" encontrarás manipulaciones difíciles, ni la utilización de materiales que no estén al alcance de la mano. A primera vista puede que algunos de los trucos te parezcan 'inofensivos' sin posibilidades de éxito de público. Todo lo contrario. Si esto no puede afirmarse en ninguna rama del ilusionismo, mucho menos en el mentalismo. El público quiere creer en lo que estás presentando y quiere participar. El éxito depende de la presentación y de la participación del público. Más aún, de la ambientación previa a la realización del efecto y, si cabe, anterior a la sesión. Todo esto y más, lo encontrarás en estos tres tomos de "Aquelarre" ya en su segunda edición y con nuevo formato. Si te interesa el mentalismo, no hay nada mejor que "Aquelarre"
