Review

"The major strength is that it adequately covers both the history and contemporary trends of Asian American groups. Another commendable point of this book is the strength of its contributors. This book is accessible to a wide range of audiences. Min and his contributors provide an excellent introduction to contemporary Asian American studies. Instructors looking for texts on sociological studies of Asian Americans would do well to consider Asian Americans." (Etsuko Maruoka 2006-10-19)

"Compared to many existing texts on this subject, which tend to take a rather historical approach, this book focuses on more contemporary Asian experiences. Thus, Min has provided a new tool for those of use who have looked for adequate material to teach current Asian American trends in advanced undergraduate courses in the sociology of race as well as in ethnic studies. Encompassing a variety of perspectives from prominent scholars makes this book a valuable device to examine the less visible aspects of Asian Americans' lives. Students and educators alike would certainly benefit from diligent study of this text." (Etsuko Maruoka 2006-11-30)

ASIAN AMERICANS: CONTEMPORARY TRENDS AND ISSUES FROM BRAND: SAGE PUBLICATIONS, INC PDF

"Compared to many existing texts on this subject, which tend to take a rather historical approach, this book focuses on more contemporary Asian experiences. Thus, Min has provided a new tool for those of use who have looked for adequate material to teach current Asian American trends in advanced undergraduate courses in the sociology of race as well as in ethnic studies. Encompassing a variety of perspectives from prominent scholars makes this book a valuable device to examine the less visible aspects of Asian Americans' lives. Students and educators alike would certainly benefit from diligent study of this text." -- TEACHING SOCIOLOGY, reviewed October 2006 by Etsuko Maruoka, SUNY-Stony Brook Offering a broad overview of the Asian American experience, Asian Americans provides an accessible resource for all students interested in the expanding and important Asian American population. While historical information is provided for each group, the main focus is on the variables and issues that impact Asian American life today. The scholars who author the chapters look at topics such as labor force participation and economic status, educational achievements, intermarriage, intergroup relations, and settlement patterns. Photo essays help to enhance the presentations. Key Features: Covers the Asian American population as a whole as well as individual ethnic groups, i.e. Korean Americans, Indian Americans, etc. Covers theories as well as providing sociological data to illustrate issues for Asian Americans as a whole and as individual groups. Visual essays on the following topics provide powerful illustrations of the text content. Filipino Americans Japanese Americans Korean Americans Chinese Americans South Asian Americans Southeast Asian Americans Economic Adaptation Second Generation Experiences Updated to not only include information derived from 2000 Census data, but also has a focus on the second generation experience.

it's annoying to read

By Amazon Customer

It's poorly formatted, the text is small, it's annoying to read, I personally prefer my text to be all in one column rather than 2 ESPECIALLY if its an e-book. As I read through this it feels entirely statistical rather than about Asian Americans, it does have that but I feel like it's more on the statistical side at least in my opinion. And most important I had to buy this for my college course and it feels like a complete waste.
