# BEING HUMAN BY C. N. TAYLOR PDF

Being Human is the tale of a child swept from sure death in infancy by a California Condor, raised by animal mentors and reintroduced to “civilization” as an adolescent. Deeply wise and engrossing, it takes us back to our earthy roots where we are witness to a very different perspective of what it means to be civilized. The first edition of this new wildlife-human adventure series chronicles a hero's journey from humble beginnings as an orphaned child, to a life of learning and adventure in today's society. This series is bound to become a best seller for teens and young adults.

There are so many great things to say about Being Human

By Amazon Customer

There are so many great things to say about Being Human, I don't even know where to begin. Strong characters and beautiful, primal lessons make it hard to put this book down. Written for teens and young adults, C. Nielson Taylor's writing style and wisdom has you hooked from the beginning, making it a great read for any age group. I love that it was written for the younger generation because those are the people who will be taking on the world one day and Being Human offers a lot of food for thought about how "civilized" we really are. I'm really looking forward to the reading next book and seeing how the story develops.

and for all of the adults who love to read ANY good book

By Frank G.

For all of you parents of young adults, and for all of the adults who love to read ANY good book, I just finished "Being Human", by C. Nielson Taylor. A fantastic read for these times we live in. Rich characters, great message, and part one of a trilogy! I would highly recommend it as a Christmas gift, and would like to see it in schools as well. It was so nice to read a book that not only thoroughly entertains, but also provides much food for thought. I highly recommend this book. C. Nielson Taylor has delivered us an amazing first novel. I am very much looking forward to the next book!!!!!!

Loved it! Can't wait for the next book in the series which is suppose to be out sometime next year!

By Melody

I was totally drawn into the story before I even finished the first page! Taylor's writing style is refreshingly spontaneous and intriguing as she skillfully develops both the characters and the plot from several angles at

once. This book was obviously written for young adult readers, but I couldn't put it down. I can hardly wait for her 2nd book in the series! I gave it five stars, as Taylor is not only a skilled writer and storyteller, but the life lessons contained within these pages are valuable for readers young and old alike. Being Human
