From the summer of 2003 Belle charted her day-to-day adventures on and off the field in a frank, funny and award-winning diaries. She was the first to reveal (among other things) how she became a working girl, what it feels like to do it for money, and where to buy the best knickers for the job. She also discusses her efforts to change from 'working girl' to working girl, whilst sneaking off to visit clients in her lunch hour. From debating the literary merits of Martin Amis with naked clients to smuggling whips into luxury hotels, this is a no-holds barred account of the high-class sex-trade, and an insight into the secret life of an extraordinary woman.

1 of 1 people found the following review helpful.

loved it

By Nicole

I got the book very quickly. I have already seen the television show, so I knew what to expect from the book. LOVED IT. I recommend this book for every fan of the series.

7 of 12 people found the following review helpful.

Banal

By reenum

One would expect a book by someone who has been as hyped as Belle du Jour to be interesting.

This book is less about Belle's "adventures" as a prostitute, and more the daily journal of a normal woman who sleeps with people for money on occasion. The book subsequently becomes like life, a sea of banality with a few islands of excitement. I expect more in a book.
