Must have for law newbies

By Shaunak M. Vora

Significant improvements, additions and changes have been made to this since at least the 5th edition which is the next most recent edition I was able to get my hands on at the bookshelf of my firm. I use it daily. It rarely, if ever, lets me down when I need to look up legal terms, with all their specific contexts and respective meanings. And yes, it will explain terms MUCH better than googling things and hoping you land on sources that know as much as Black's.
