Levine, Joyce Munsch soft file to read can be recommendation for everybody to improve the skill and capacity.

## Review

“Levine and Munsch have made an excellent contribution to the texts available to those of us who teach child and adolescent development – both at the undergraduate and graduate levels. I was excited to use the text when I reviewed it for potential adoption, and after this second review, I am even more excited. I do not see any key weaknesses but do see the many strengths...”

—Charles Dickel, Creighton University

(Charles Dickel 2013-06-28)

“The book is great! I would recommend it to anyone teaching a course in Child and Adolescent Development.”

—Dan Nyaronga, SUNY Empire State College-Saratoga

(Dan Nyaronga 2013-06-28)

“I really like this book. I love all of the resources, the book itself is clear and provides a lot of information, and I will definitely adopt it again.”

—Kelly Cotter, California State University-Sacramento

(Kelly Cotter 2013-06-28)

“The strengths of this text are the topics presented..., the reading level of the text, the resources in the chapters, pictures, charts, Active Learning, Research, etc. I would adopt the [second] edition of the text for all of the above.”

—Sharon Carter, Davidson County Community College-Lexington

(Sharon Carter 2013-06-28)

“This is an extremely well written text. The authors can be commended for the depth and scope of the content . . . easily accessible to students.”

—Dawn Witt, California State University-Channel Islands

(Dawn Witt 2013-06-28)

“My overall assessment of this text book is that it is well done...it engages the students in the material but [is] also very cost effective. I especially enjoyed how thorough the book was but that it was not too research focused or boring to the reader. In addition, having access to the Extended Journey in Research and SAGE [journal] articles is a major strength.”

—Nicole Surething, Christopher Newport University

(Nicole Surething 2013-06-28)

“In their preface, authors Laura Levine and Joyce Munsch emphasize the need for a child development book that enables students to create meaningful learning experiences. This text has succeeded in achieving their goal.”

“The many strengths of this text attest to the success of Levine and Munsch in creating a comprehensive and well-written overview of child development.”

—Dalia Gefen, Iona College (Dalia Gefen Psychology Learning and Teaching)

#### About the Author

Laura E. Levine received her Ph.D. in developmental and clinical psychology from the University of Michigan. No Ebook like shown

By Sarah

This shows a picture of the Interactive Ebook that should come with the book but this is VERY misleading and you ONLY receive the actual paperback book. My class requires that you have the Ebook, not just the paperback, so if you are required to get the Ebook also: don't purchase/rent this textbook.
