The Best AP European History Study Guide Available- Period!

By Ben Bowman

This is an excellent study guide for the 2016 AP Euro exam. I self-studied for the exam this year and can say with confidence that the Princeton Review AP Euro series contains a tremendous amount of AP Euro content and strategies. In order to study for the exam, I watched YouTube videos, did questions on Learnator, and read two review books. This strategy was extremely effective; I was confident answering almost every question on the test. If you are aiming for less than what I wanted, lower than a 4 or 5, this book alone will most likely earn you it.

Inside the review book, there are around 450 pages of varying categories. The book contains tips for each section of the exam, a 200 page content review section, and two practice exams with answer explanations provided. There are content chapters from 1450-1648, 1648-1815, 1815-1914, and 1914-the present day. Each is quite lengthy and should be done over multiple sittings. In addition, at the end of each content chapter, a quiz of around 20 questions is given. These are great estimators of what you know about the content chapters.

Compared to the REA AP Euro book, which I also read, this book is much more detailed and comprehensive. The REA book is only an outline for the test content and does not provide detailed descriptions of what occurred from 1450-the present day in Europe. However, it does provide a great summary of the material most likely to be on the test. Therefore, I would recommend using the REA book as a last-minute cramming tool on the day of the exam.

Actively reading the Princeton Review AP Euro book two times over (this means taking notes in the margins and underlining key information) will expose any diligent reader to the content necessary for success on the exam. This will probably account for around 30 hours of one's time- a worthwhile investment when the savings of AP credit are taken into account.

Overall, the Princeton Review AP Euro series is a fantastic review book. Those who took the 2016 exam and read it like me will likely agree!

Got a 5 on the AP test, in part thanks to this book

By Amazon Customer

the most useful part of this book was the chapters that thoroughly explain how to get full scores on the DBQ/long essay. if you feel like your Euro teacher hasn't explained the AP essay scoring system well, then you should definitely get this book.

in addition, the practice tests line up pretty well with the actual format of the AP test. when it comes to the information sections, obviously princeton review loves to way over-prepare its students. So those sections are extremely detailed and not good for a quick review. that being said, if you want to score a 5 you will appreciate the feeling of being over prepared. I found it most helpful to read through the chapters alongside my class notes so that i could figure out which information was the most essential. You do not have to know all of the people/events mentioned in this book to get a 5, so focus on the ones you learned in class!!

finally, the timelines are extremely useful but much too detailed; i highlighted the important dates in the timelines and used them to review which events occurred in specific centuries.

i'd say one of the big weaknesses of this book is that there is no comparison between the different types of art

(renaissance, baroque, neoclassicism, romanticism etc.) Yes, they are all discussed in the book, but they are not compared side-by-side. other than that, this book is a must-buy for those who want a good score.

By Honest Reviewer

I liked it a lot... It gave a lot of good tips, which you better be studying for months in advance... that was my problem... I started studying in April so that was not the best idea (I got a 2)... so don't trust the "guaranteed 5"... and don't procrastinate!

# **CRACKING THE AP EUROPEAN HISTORY EXAM, 2017 EDITION: PROVEN TECHNIQUES TO HELP YOU SCORE A 5 (COLLEGE TEST PREPARATION) BY PRINCETON REVI PDF**

Your perception of this book **Cracking The AP European History Exam, 2017 Edition: Proven Techniques To Help You Score A 5 (College Test Preparation) By Princeton Revi** will lead you to get what you exactly require.
