you will likely enjoy this story

By Titania

I received a free copy of this book in return for an honest review.

I will start by saying that this book is a cliffhanger. As long as you keep that in mind, you will likely enjoy this story. It doesn't feel finished but if nothing else I really want to know how Sam and Bryce are able to move forward together. I loved the build up that Ms. Kyle gave to this relationship. They meet mainly in dreams and once they meet in person, the story ends. However, I loved the courting that happened between Sam and Bryce before they even meet. Outside of their dreams, we see that both Bryce and Sam are strong males. Bryce has little control but takes his power where he can. Sam has determination and family on his side. You just know that together they will be able to move mountains. Now we just have to wait for Ms. Kyle to show us what mountains and how they will beat them. I can't wait to see how she resolves their little pickle.
