Great Book

By Leigh Clark

I chose this rating because this book is incredible... I too have been journeying my way away from fundamental Christianity seeing that it has nothing to offer but fear and control over your life. The writer of this book explains things in a way that are easy to understand, clarifying things she knows will confuse people new to the concept. I would recommend this book to people and in fact already have.. great read and enlightening! Thank you Barbara Symons :)

A Book That Can Literally Change Your Life!!!

By Roy Mack

I really enjoyed this book! Barbara has written a book that I believe will impact this generation and generations to come.

The book is written in such a way that you can easily recognize a kindred spirit, ...one who has traveled a

similar path in their bid to escape Christianity. She has really been transparent in her writing and I believe that there is such a great need for that today.

I would highly recommend this book to any and every person that is transitioning from a fundamental way of thinking in regards to Christianity and sensing the prompting of the Spirit to come up higher in their thinking. I have read this book from beginning to end and feel the need to read it again. I have read numerous books, but never felt as stimulated and enlightened as I have by this one. I believe it can truthfully be listed as a "must read."

Unique and vital insights for Christ lovers and seekers alike!

By paulsmg

I love this book! Barbara Symons writes with intelligence and understanding that comes from above yet with vulnerability and depth that has been forged from her own life experience. Rarely is such involved insight both so honest and profound as this.

Wisdom for recovering Fundamentalist Christians as well seekers from all religions and every walk of life. Symons invites ALL to lose themselves and find themselves in the mystery that is CHRIST.

This book is a gift.
