Wibbeke is breaking new grounds in multicultural leadership addressing the American leaders posted abroad in the Globalization era. i liked the book and wait for the new version. It adds to this library new insights: the 7 Cs (pun intended or unintended) "care, capability, change, contrast, context, conscientiousness, communication". with many interviews to top executives in the field.

Any person posted abroad shuld read it and i suggest to add it to the Foreign Service reading list.

Review by Jack Aschkenazi Ph.D.

Dr. Wibbeke is an international business scholar, with a strong theoretical background, and many years of experience in the field. In this second edition, she refines the principles she explains in her work (such as "Care", "Communication", "Consciousness", "Contrasts", "Context", "Change", and "Capability" for our better understanding. I am grateful for her tremendous addition to the body of knoweldge of Geoleadership, and for accepting my modest contribution to her book.
