Pretty good book

By TiredMama

I tried to give this book a 3.5 star but it wouldn't work so I settled for 3. I am a big critic so understand that a 3 star means it would be a good reference book in my library of Indian cooking. Pat has redone some of his recipes from other books here but in general he presents simple recipes in a great format and encourages you to try and mimic what he has done. I think this book is ideal for someone starting out to cook Indian food.
