One of your favorite daydreams as a book

By Malcolm Meade

At some time, perhaps many, you've closed your eyes or stared blankly and dreamt it. You are on a cruise quite innocently and a sudden storm comes up. The ship goes down, but all the passengers manage to get into a lifeboat which is lowered to the sea. Your lifeboat, containing only you and one other man gets blown miles from the rest of the lifeboats. After an arduous night and day or two in the blazing tropical sun you ground on an unhabited island. The other man, of course, is the most gorgeous you have ever seen; its your dream. At that point Claire Thompson takes over and tells an interesting, sometimes teasing, frequently titillating story about how these two men work together to survive while struggling sensitively with their perceived difference in sexual orientation. Once they are rescued equally difficult struggles arise as each strives to resumes his former life having been changed forever by the ordeal. Thompson shows great insight

in conveying the depth of emotion and pain of inner conflict in their struggles both on the island and after their return. She enhances the dream by introducing some reality.

Another page-turner

By Gary Casey

My other half and I went on a 3-week cruise in September and brought along this book and a similar one (about cruising)...this was a little too close for comfort if you ask me! Although our ship did not sink, the story line was believable. It wasn't so "far-fetched" that we couldn't identify with the activities on the ship, meeting new people, etc.

This was a great M4M read. The characters were fairly believable...the only thing I would have changed were the names of the characters, LOL. The book cover was a little "out there" for me, but I guess it's supposed to attract readers. I don't think the cover picture really portrays the truth of the story line, but don't get me wrong, we both very much enjoyed the book. The ending was beautiful.

Thank you! Will look forward to reading more from this author.

Best of the Best

By REM50

Island of Temptation was one of the best Gay Romantic (Thriller) Books I have read. This book was realistic at each turn, leaving me with my heart in my throat either due to the disaster at hand or the sexual tension and desire these two men had between them. I wasn't impressed with the two men on the cover of the book but was able to lose that impression and make my own once I started feeling out each character as I got further into the book.

Mostly, I found myself viewing this book as though it was a movie, one that brought passion, lust, desire and most importantly Love. Cudos to the author for making me feel such a part of these men's lives during every turn from panic, to fear, to so many emotions. You are truly gifted.
