The class system during the Middle Ages dictated how people dressed, where they lived, and even what they ate. This book discusses not only the feasts and banquets of the time but also the story of how people produced the food they would eat, how they spiced food to preserve it, and how it was cooked. It even tells us which social classes ate what. Lively and profusely illustrated with illuminated manuscripts, this volume details a piece of everyday medieval life.

Middle Ages for Ages 10 and up. Clearly stated in product details.

By Texas Book Lover

Pay no attention to remarks from people who can't read Amazon's description clearly stating the book is for ages 10 and up. This is a great book for detailing food and drink in medieval times - food is always of interest to this age group. Contents: Production & Distribution of Food; Food, Famine, & Cooking; Eating and Drinking; Ceremony & Entertainment; Glossary and bibliography. Nice for home schooling and public school libraries. Color reproductions of era art with color maps.

0 of 1 people found the following review helpful.

Nice pictures though

By Laura C. Minnick

Hadn't realized that it was a children's book. Nice pictures though.
