## OFF LIMITS BY RUE ALLYN PDF

For Senior Chief Hank O'Mara no woman compares with the sea until he meets Lieutenant Bethany Morton. Only the sea can draw two such opposite and passionate people together. Only US Navy regulations keep them apart. Fraternization between Officer and enlisted is forbidden. Beth and Hank do their utmost to resist their mutual attraction. Can love prove stronger than either the sea or the USN? To find out, Hank will sacrifice his career, and Beth will risk her professional dreams.

### Reader Alert!

The attraction between a hunky Senior Chief and a smoking hot Lieutenant breaks all the rules—his, hers and the US Navy's. Unable to resist, the couple yields to desire's command. Both expect their incendiary passion to burn out long before it can endanger their careers. Neither expected the insatiable sex they share to become an enduring love.

### To My Readers:

Dear Readers,

I'm very excited to bring you *Off Limits*, the story of Hank O'Mara and Bethany Morton. Partly because I've always wanted to write a steamier version of O'Henry's *The Gift of the Magi* (one of my all time favorite Christmas stories). But mostly because the men and women of the US Navy are heroes that I have long admired. I am a US Navy veteran and very proud of my service. I am equally proud of the service of others to our country. The members of all the services sacrifice more than we know, and not all the sacrifices are on the battlefield. Sometimes the sacrifices aren't even visible. For different reasons both Hank and Bethany want to give a lifetime of service to the USN. This links them as much as their physical attraction, but that attraction exists in direct opposition to US military regulations. As the attraction grows and develops Beth and Hank each must decide what they value most and what they are willing to give up to get it. Nothing moves me like a story in which forbidden love triumphs and the greater the obstacles—love for country is a very strong obstacle—the greater the sacrifice, the greater love's victory.

Can two people who have pledged their lives to the service handle loves consequences?

Hank and Beth weren't looking for anything more than an affair to last them as they embark on different paths of their Naval careers. Instant attraction made it easy for them to continue their explosive erotic encounters, but with the Navy's strict fraternization codes, taking their relationship outside the bedroom

could ruin both of their hard won Naval careers. Now with Hank's departure imminent, sacrifice for the sake of their country has taken on a whole new meaning. The time apart puts things into perspective, but uncertainty weighs heavily and feelings have only grown deeper. Is the possibility of love worth the downfall of Beth's budding Naval career and Hank's Naval reputation?

This was my first chance to read a story featuring both the male and female leads involved in some sort of military career. I was excited to read how the relationship dynamics would work between two people with not just desire in common but also duty. The story starts right off with Hank and Beth's first meeting and continues at a rapid fire pace with the discoveries they make along the way of their affair. Unfortunately, the pacing really affected the fluidity of the storyline and rushed through character development a bit too much for me to really connect with them or their situation. There was so much potential for the story to be really great if the characters could have been more fleshed out.

Nevertheless, I did find enjoyment in this quick read. The journey leaves the reader questioning throughout if they will find a way to make it work or not. Then the ending brought an unexpected element that left me wondering and thinking about the characters afterward. This story is definitely for readers who don't mind instant chemistry mixed with a forbidden love kind of tale.

Talk about chemistry.

I don't know how these two didn't combust. Every time they were together the sparks started flying. Off Limits was a fun story with a couple dealing with a common problem that many of our military face. I think it's sad that a career military man or woman has to give up their career in order to love someone, just because they are an officer. The way these two handled it was moving. They were both willing to give everything up in order to be with the other. Truly a beautiful love.
