SANCTUARY (THE AFTER DAYS TRILOGY BOOK 2) BY SCOTT MEDBURY PDF

Sequel to the #1 Amazon Bestseller AFTER DAYS Discover the harrowing dystopian trilogy destined to become an instant classic.

Against the odds and despite the carnage of an unstoppable disease and relentless enemy, Isaac Race has delivered his group to safety... or has he?

Something is not quite right about the Drake Mountain Research facility and it has nothing to do with the black bags over their heads or the guns at their backs when they arrive. Rescued from the invading army, they should feel safe and secure, but all of them sense something is amiss. Their rescue has only raised more questions...why have they been separated from their friend Sonny? Why is there a military and Homeland Security presence in the facility? What is the head of the facility, Professor Leahy, working on and why is it so secret?

In Sanctuary, the gripping second novel of the After Days trilogy, Scott Medbury continues the enthralling tale of Isaac Race and his group of young survivors as they confront the end of America as we know it.

Great follow up!

By RBW

Feels like I've been waiting forever for this one - it was worth it! The story picks up right where After Days left off and finds Isaac and his group taken inside the "safe haven" they'd been looking for. Book 2 is not an out and out chase story like the first one and takes a while to work into the action but when it does, oh boy! Cannot wait for book 3 and very interested to see where Mr Medbury takes it.

Cannot wait for book 3

By Book Kitty

Well I waited 3 weeks for the paperback to arrive but it was worth it. Sanctuary is a worthy follow up to After Days, the transition is almost seamless and managed to hook me right from the start. I'm really invested in these characters now and, although Isaac is the hero, I have to say that Luke is my favorite... I just love quirky characters who kick a\$\$ lol. Once the action starts it doesn't stop and if anything the fight scenes are even better than the first book (although a little more brutal). All in all a great sequel and leaves me wanting book 3 real bad. Come on Medbury!

Sanctuary (The After Days Trilogy Book 2)

By Peggy Angus

This is the answer as to whether the group who made it cross 2 states found anyone to help them after all adults were killed by a virus that was released by the Chinese. Do they find help and what kind. You will find that all help might not be the right kind, and how many more of their friends are killed before it is over. I am really looking forward to the last. Book in the series.
