Don't get your hopes up.

By Paul Orton

Gives some good insight on certain things but the writer has a socialistic point of view with how the world should run that I was not a fan of. Had some good insight on some things but not what I was expecting and didn't get too much out of this book. Don't get your hopes up!

Very good if you want to learn how to build a house

By Jim Klafehn

His grammar is incorrect in many parts of the book but the material that he is conveying is accurate. Overall

a good book. I'm glad I purchased it. I recommend it.
