THE ALPHA & OMEGA (THE WEREWOLF WHISPERER SERIES BOOK 2) BY CAMILLA OCHLAN, BONITA GUTIERREZ PDF

Ever since K-Day and the "werewolf apocalypse," life has been rough for The Werewolf Whisperer team of Lucy Lowell and Xochitl Magaña. But it's about to get a whole lot rougher.

As Lucy's uncanny ability to control the Were population takes an unexpected turn, she's thrust into an unfamiliar world that's more vivid, more alive and scarier than she's ever known. And now, with the ominous words "You're makin' a mistake, Lucy Lowell. Trustin' all the wrong people" still running through her mind, she's on the hunt.

Xochi's world has just turned upside down again...and she's freaking out. Not only is she running from a psychotic blonde while a hyperactive teenage Were howls in the backseat of her pristine Toronado, her best friend is hell-bent on tracking down the woman she once thought of as a second mother. All Xochi wants is to find a hole, crawl inside and forget K-Day ever happened. But the more she learns of Lucy's history, the more separated Xochi feels from her friend.

Now for the first time in two years, Lucy and Xochi find themselves on different roads. Unfortunately, the women discover that something evil is about to surface, and they must put aside their differences to once again save society from itself. Wanted, disgraced and set-up, Lucy and Xochitl hurtle toward a confrontation that will shatter everything they thought they knew.

Apocalyptic Werewolves!

By Cel

Another fantastic story about the 'weres' of Los Angeles. This story picks up right where the cliffhanger in book 1 ended, and it's an exciting, action pack ride right up to the end of book 2. The thing I really liked about this book was it goes into a lot of the back-story about the origins of the virus. There are also several cool new characters with fascinating stories all their own, and we finally get to learn what happened to Lucy's police partner Gabe after he turned into a were-beast. I love the progression of the various relationships in the story -- the friendship of Lucy and Xhochi, their uneasy alliance with the Xhochi's military pals, the wacky prison-psychologist Imogen and her strange daughter, and the brilliant beast/hound/feral boy Kai. Can't wait to see what happens next.

Absolutely fantastic book. I couldn't put it down

By S London

Absolutely fantastic book. I couldn't put it down. It hooks you from the beginning and keeps you thinking

after the final page. Loved the brilliantly drawn characters, particularly the werewolf whisperer Lucy and her friend and partner Xochitl - two fantastically written strong female characters. The book has it all, action, adventure, mystery and, at times, a wicked humor. It's fast paced and wonderfully written, both compelling and entertaining.

Getting better and better

By Teacher Lady

The characters are well developed and believable. The story line is rich and complex. Most important, the authors are literate and thoughtful. I'm looking forward to the next in the series.
