Landy, Amy J. Mas* will actually assist you to the method. Moreover this *The IT / Digital Legal Companion: A Comprehensive Business Guide To Software, IT, Internet, Media And IP Law By Gene K. Landy, Amy J. Mas*, you will have no regret to obtain it.

Review

"As an entrepreneur, founder and CEO of several tech companies, I appreciate the insight into IP, strategy and deals that this book provides. I wish there were a book like this when I started by my first company. The book is easy-to-read, comprehensive and up-to-the moment. It covers everything from basic IP and deal negotiations to mobile media, software IP and the Internet. There is lots of detail, sample forms, and practical tips. This book is the first comprehensive and intelligent resource for creating real value through IP. More entrepreneurs and engineers need to pay attention to what the real world of IP is about."--Beth A. Marcus, Ph.D., CEO and Director, Zeemote, Inc.

"The title says that the book is a legal companion, and that is precisely what it is. Gene has put together years of a lawyers wisdom into this companion, but without burdening it with any legal language at all. Keep this companion next to you if you are a practicing manager involved with IT or digital content transactions."--Dr. G. Venkatesh, Chief Technology and Strategy Officer and Executive Director of Sasken Communication Technologies Ltd., Bangalore, India.

"Gene Landy's book allows insight into the critical decisions that individuals and companies need to make in deciding how to build and protect digital and online products, services, and businesses."--Charles Nesson, Professor, Harvard Law School and Founder and Co-Director of the Berkman Center for Internet & Society.

"The IT/Digital Legal Companion is like a Department Store where you easily find the part of the store where you want to go shopping but may also stop in other areas to browse. With this book, the organization makes it easy to find the area of greatest interest relating to a particular business issue. The book covers a wide range of topics from contract and intellectual property law to more specialized issues including Software as a Service, Open Source and digital content. The book covers legal issues facing both technology

suppliers (e.g. software vendors) and consumers (e.g. companies contracting for services). Service providers working with these organizations will also find the book useful."--Jim Geisman, President, MarketShare, Inc., software marketing consultant and advisor and mentor to technology companies.

"I found Gene Landy's latest publication The IT/Digital Legal Companion to be a clear and comprehensive book from an attorney who specializes in helping technology companies build and preserve the value of their companies and intellectual property. I appreciate how this publication clarifies IT agreements and complex IP arrangements. I was also amazed at the breadth and level of detail in this book."--Peter Duflo, President and CEO, Strategic Ventures, LLC, consulting for mergers, acquisitions and executive search for information technology companies.

GREAT REFERENCE GUIDE GOING OUT OF PRINT BUY NOW BOOKSTORE WANTED \$200

By Louis L.

I need this book for my class the campus bookstore wanted over 200 dollars for this book while it a pretty detailed and sizable book and very worth 200 dollars. I was thrilled to find it here on Amazon for under 18.00 while at first i was skeptical it wasn't the right book I said oh well I buy it and way if it's wrong I'll return it. Well it was the right book and I was so happy to see it came in plastic wrap and looked brand new. This book is a great reference book, I usually sell my books back to the bookstore but this one is a true keeper it has tons of great information in it and it also has examples of the forms in the back. I was very sad to hear that is actually gone out of print anyone in the business field or that deals with the cyber side of any field would be smart to get there hands on one while they are available for such a low price. Again this book is the reference guide to rival all reference guides get one before they're gone.

I DID NOT receive this product free or discounted for this review, However this like all my reviews this was an honest review. Hope this help, BUY THIS BOOK.

Buy This Book!

By Kelly M.

As a corporate paralegal for an IT business, I refer to this book several times a week. The layout is great. I appreciate books that make it easy for me to extract the specific information that I need at any given time. The book comes with an online code that gives you access to both PDF and Word versions of the forms. I bought the book in used condition. It was well worth the \$10.
