Also it remains in our downtime or feeling burnt out of the jobs in the workplace, this corrects for you. Obtain this The Long Walk By Stephen King today and be the quickest individual which finishes reading this book The Long Walk By Stephen King

From Publishers Weekly

Ray Garraty--along with 99 other teen boys--has entered the Long Walk, a grueling march at four miles per hour that continues until only one person is standing. The losers receive bullets to the head. As the march progresses, the numbers dwindle, the challenges of continued marching increase, and the senselessness wears on the participants' state of mind. King (writing as his alter ego, Richard Bachman) delivers another psychologically dark tale with commentary on society, teenage life, and cultural entertainment that is still poignant decades after its original publication. Kirby Heyborne's skills shine in the narrative passages, which he executes with a good mixture of rhythm and emphasis. Heyborne's light and youthful-sounding voice exudes the needed attitude of the mostly male adolescent characters. However, some of his character voices for the teens feel created just for the sole purpose of clearly distinguishing them, rather than matching voice organically to personality. His female voices lack substance, but since there are so few of them, listeners will not be too distracted. A Signet paperback.

# THE LONG WALK BY STEPHEN KING PDF

In this #1 national bestseller, “master storyteller” (Houston Chronicle) Stephen King, writing as Richard Bachman, tells the tale of the contestants of a grueling walking competition where there can only be one winner—the one that survives.

In the near future, when America has become a police state, one hundred boys are selected to enter an annual contest where the winner will be awarded whatever he wants for the rest of his life. Among them is sixteen-year-old Ray Garraty, and he knows the rules—keep a steady walking pace of four miles per hour without stopping. Three warnings and you’re out—permanently.

A “psychologically dark tale with commentary on society, teenage life, and cultural entertainment, *The Long Walk* is still poignant decades after its original publication” (Publishers Weekly). This edition features an introduction by Stephen King on “The Importance of Being Bachman.”

Indifferent

By Amanda Mills

First of all, I wouldn't typically read book like this, but King is my favorite author and I will read anything puts together, regardless of its genre.

I started reading this book with high hopes, due to the many positive reviews this book has (plus a good friend recommended it). All in all I still don't know where I stand with it. Parts of it were great, but at times not so great. It's hard to say I didn't enjoy the book, because I did. Usually I don't gravitate toward shorter reads, such as this, and that may be why I had some issues with "The Long Walk".

#### PROS

---

- Great characters
- A truly dreadful sense of suspense throughout; Edge of your seat moments a-plenty
- A terrifyingly new take (as far as I know) on national entertainment
- The game show quotes at the beginning of each chapter really add to the twisted, fucked-up idea of the ultimate game show

#### CONS

---

- I feel like there are a lot of details left out of the story, details that could cleared some of the confusion I had when reading this. Some aspects of the story were just thrown out there and were never heard of again, which aggravated me (personally)
- There was also needless information that didn't add to the story whatsoever. Again, it can be a little confusing

- The book does take time to pick up pace. I wasn't 100% interested in the book until I reached Chapter 7/8
- THE ENDING. The last two chapters seemed extremely rushed. At this point the direction of the story and the characters becomes somewhat lack-luster. I was expecting a drawn out ending, one that would make me want to scream with anticipation...but it never happened. To me, the ending was boring and not at all what I would expect from Stephen King.

He wrote this as an undergrad!?

By Matt Lozier

I have been a Stephen King fan since I was about 14 years old. In recent years, I have not read much (if any?) fiction. However, this summer, my 8 year old daughter took a creative writing course and when she would come home and tell me what all she learned in class that day, I was inspired to read fiction once again. This book had a lot of great reviews on Amazon and it's really Stephen King's first book -- one that he apparently wrote while still an undergraduate!? I kept saying to myself as I worked through the book, "I can't believe his genius mind wrote this as an undergrad." I think back to my own undergraduate days and quite frankly, looking at them in hindsight I'm embarrassed over some of the papers that I turned in. Well, that's why Stephen King is a successful writer and I'm not! In all seriousness, this book is a pager-turner! I read through the book in about 2 weeks and I had a hard time putting it down.

I would love to ask the writer what the book means. I mean, it's a great story but there just has to be some sort of symbolic meaning to it all. There's a whole Wikipedia article discussing this book. I think that there might be something to the notion that the Long Walk represents life and we all -- at times -- fight with one another but also, even with those same people who we might fight with, we will for whatever reason also "join forces" with them. I don't know the answer to my question, but I have thought about what symbolism might be hidden in the pages of this work.

If you're looking for a really great book to read this summer while on your "vacay" I would HIGHLY recommend this piece.

A Welcome Return to a Master Writer

By Alas Amazon

Have read this book many times (including when it was part of a short story collection under the name, Richard Bachman). This is my favorite work by King/Bachman. So understated, yet full of emotion. Really tight writing. After reading it at least five or six times over the years, I feel as I personally know each of the characters.

I belong to Kindle Unlimited, so have been reading very many independently published books. Don't get me wrong, under the sometimes dreck, I've found diamonds and discovered many new authors with a real gift for writing. But, now and again, it is good to go back and read one of the masters. This book is way over my budget, but oh, so worth it!
