About the Author

Within SUEZ Environment, the men and women at Degrémont are the company's specialists and, as such, key players in sustainable development.

THREE ACTIVITIES AND FOUR AREAS OF EXPERTISE

Degrémont designs, builds and commissions installations for:

drinking water production,

desalination by reverse osmosis,

waste water treatment,

sewage sludge processing.

According to it's clients requirements, Degrémont can operate its installations directly and provide all services needed for their operation, such as spare parts, maintenance and training.

Degrémont can also offer its clients specific solutions in terms of disinfection, thermal, drying, incineration, etc., either directly or through its dedicated subsidiaries.

SHARING EXPERTISE

Fully revised for this new edition, the Water Treatment Handbook consolidates Degrémont's position as the benchmark for the sector and demonstrates the company's commitment to sharing its knowledge with all the stakeholders in the water industry.

WATER TREATMENT HANDBOOK FROM BRAND: LAVOISIER PDF

This book is the international reference work in the field of water treatment. This new version, completely revised and updated, incorporates major technological advances of these last fifteen years: membrane separation, development of fixed and mixed cultures, sludge drying and incineration, and reduced sludge production. Without forgetting automation-related issues, such as control-regulation and maintenance assistance. A total of five chapters are dedicated to treatment channels. The aim was to offer engineers an everyday aid by summarising the basics in water treatment.

The Water Treatment Handbook assembles the sum of Degrémont know-how to date and takes into account changes in new problem areas in water treatment such as conservation of fresh water resources, health safety and waste management.

Most helpful customer reviews

1 of 1 people found the following review helpful.

Like the book but the packaging and shipping was very poor!!!!

By omid tahami

For such an expensive book they should use a stronger box! all the corners were damaged!!!!

I had no choice because there was no more available.
